

Owego Apalachin Facility Use Rules and Regulations

While the district's school buildings and grounds are maintained primarily for the purpose of educating students within the district, the Board of Education recognizes that the buildings and grounds are a valuable community resource and believes that this resource should be available to the community for specific uses that will not interfere with educational activities. This policy is intended to identify the uses that community groups may make of those facilities.

1. All requests to use facilities must be submitted at least two weeks prior to the desired usage dates to the to the office identified on the attached Request for Building Use Form.
2. An organization will be required, as a condition of the use of facilities, to defend the district and hold it harmless against any liability or loss arising out of the organizations use of the facilities. To meet this requirement, the organization must provide the district with evidence of insurance coverage in the form of a **Certificate of Insurance**. This certificate will list the district as an **Additional Insured** in the amount of \$1,000,000 for each occurrence and \$2,000,000 general aggregate. **Proof of this coverage must be submitted one week prior to the usage date.**
3. At least 50% of the groups participants must be Owego Apalachin CSD residents or students. The requestor should be prepared to submit a roster of individuals who will participate in the scheduled activity.
4. The activity shall not begin or extend beyond the hours approved in the request.
5. The activity shall be restricted to the area for which permission is granted.
6. No program shall interfere with the school day or an already scheduled school event.
7. School events take precedence over all outside groups. In the event it becomes necessary for a District function to be scheduled at a time and place previously assigned to an applicant, the District function shall take precedence. In no event shall the District be liable for any losses or damages incurred by such a change.
8. The use of tobacco and alcoholic beverages are prohibited on school grounds.
9. Any group using school facilities are prohibited from using school equipment or supplies unless prior approval is granted by the district. In addition, they are expressly responsible for removing their own equipment when leaving the facilities.
